

Thursday January 13th, 2011; 11am - 2pm; New World Hotel Saigon
Members & Co-hosted Members: USD40 / Non-members: USD50

As the first International Business Luncheon of the New Year, this annual "crystal ball" event always attracts a large audience (200+ last year!) and we are expecting similar numbers this coming January 13th. Please reserve your seats early!

Well-known guest speakers from a variety of sectors will shed light on the coming business year, including their ideas about corporate challenges and obstacles, as well as their positive (or negative) projections. 2011 will be challenging, of course, as following the volatile economic events of the past few years - no one can be sure what to expect!

Speakers have also been asked to tell us what their "Wish Lists" are for the upcoming year!
